📍 Kushtia, Bangladesh

EDUCATION

Islamic University, Bangladesh

Bsc in Computer Science & Engineering

Jan. 2019 – Jan. 2025

CGPA 3.20 / 4.00

TECHNICAL SKILLS

Domain Expertise: Problem Solving, Algorithm, Data Structure

Languages: C/C++, SQL, JavaScript, HTML, PHP, React

Developer Tools: Git, Github, VS Code, Sublime

PROBLEM SOLVING

Codechef: ([atom_123](#)), **Highest Rating: 1601**

Codeforces : ([EpicFailure404](#)), **Highest Rating: 1182**

Leetcode: ([MaHaBur_](#)), **Highest Rating: 1464**

I have solved over **1300** data structure and algorithmic problem and participated over 200 online coding contest. [[statistics](#)]

ACHIEVEMENTS & REWARDS

- **Intra University Programming Contest** , ranked **7th** out of **50** Islamic University, Bangladesh. [Mahabur Rahman](#)
- **Intra University Programming Contest** , ranked **5th** out of **50** Islamic University, Bangladesh.
- **Enlight Solutions Presents IU Intra University Programming Contest 2024** , ranked **6th** out of **35** teams [CSE_Binary_Brain](#)

PROJECT

Resort Reservation | HTML, CSS, JavaScript, php , mysql

[Github](#)

- Developed a fully functional web application for booking and managing resort reservations.
- Implemented user authentication features, including sign in and sign out.
- Technologies used: HTML, CSS, JavaScript for the frontend; PHP and SQL for backend and database management.
- Key features: User-friendly interface, real-time availability checks, booking confirmations, and secure payment processing.
- A robust admin dashboard for managing reservations, room details, and customer data.

Currency Converter | HTML, CSS, JavaScript

[Github](#) | [Live](#)

- Built a responsive web application to convert between multiple currencies using real-time exchange rates.
- Technologies used: HTML, CSS for the interface, and JavaScript for fetching and updating currency data.
